

# 'round town

with Betty Allen...

Someone who has a lot of fun out of life is Jess Lawson... he's full of surprises too. For years he was a clown with Ringling Brothers and not the least of his accomplishments is ventriloquism. He says he's better than Bergen and the demonstration I received was certainly convincing. Lawson lives on Pollard Road, and according to "reliable sources" is a great influence for good in his neighborhood and has helped to keep numerous potential juvenile delinquents on the straight and narrow. He makes his living by "trading" now, and the apple of his eye is his two-months-old son, Johnny Clifford, his first child.

Most of the merchants on Campbell Ave. protested the proposed set-back and widening of Campbell Ave. at the hearing last week before the Planning Commission. The petition was proposed by the Chamber of Commerce of which practically all the merchants are members. Apparently their attendance at the Chamber meetings has been a little lax.

Among a group of souvenirs which Ray Tomasso, Press employee, brought back from the South Pacific is a clip of paper bullets. The Japanese firearms were constructed in such a way that they emitted no flash or smoke. The paper bullets which did give out a flash were used by front line men to draw the fire of our men in order that the Japanese could pick out our location.

Campbell can well be proud of pretty Barbara Jensen who was chosen queen of the recent Spardi Gras at San Jose State and also reigned over the Santa Clara County Sheriff's Posse rodeo last Sunday. Barbara seems to look equally well in the formal attire of a "queen" or the carefree, colorful garb of a cowgirl.

Overheard at the high school graduation exercises: "Mommy, why have those people got on long nightgowns if they're not going to bed?"

Speaking of the graduation, the straw that ALMOST broke the camel's back was an incident that occurred some time after the program was finished. Weary, frazzled teachers were just finishing packing the caps and gowns for shipment to the company which rents them for such occasions. Each cap and gown was wrapped and packed in a small box, and then the boxes in groups of 12, were taped with wide tape and tied with heavy twine. Just as the last, the VERY last group was taped, an excited senior beat on the locked door. When he was admitted, he panted out the sad fact that the pin he had been awarded during the program was securely fastened to the gown he had been wearing, and of course he just HAD to have it. The teachers exchanged a glance full of thoughts of hari kari. No one said a word until one teacher spoke with an inspiration born of utter despair. She promised to write a letter to the company asking them to make the search when the boxes were unpacked and to return the precious pin. The young man seemed content and the day was saved.

## Chosen for Black Masque

Among the students at San Jose State chosen as new members of Black Masque, senior women's honor society, is Miss Carol Lantz, daughter of Mr. and Mrs. Albert Lantz, N. 2nd St.

Every week a name will be drawn from our list of new subscribers and printed in the classified ad column. The person whose name appears there may receive two free passes to the Campbell Theater by calling at the Press Office. Look and see if your name is there!

## Campbell Delegate Goes to Girls' State

Miss Katharine Fuller left last Friday morning to attend Girls' State which is held at Grant Union High school in Sacramento for one week. Girls' State is a program of education and practical Americanism, sponsored by the American Legion Auxiliary as a part of the Auxiliary's Americanism program. It is a course in practical civics. In Girls' State, each girl as she registers is assigned to a "city" area. A group of several "cities" constitute a "county", and all together constitute a "State". The girls see how political parties function under our form of government. The girls develop their own party platform, and election of city, county and State officials is carried on according to existing laws of California.

City councils are organized and each city has its own police department and its city court. County governments are organized by election of a board of supervisors and all county officers.

First, in the selection of State officials will come the State primary election and the names of candidates nominated at the primary will go on the ballot for the general election at which time the girl citizens will elect a girls' State governor, lieutenant governor, attorney general, treasurer, comptroller, secretary of state, superintendent of public instruction, justices of the district courts of appeal and the supreme court, and from the assembly and senatorial districts they will elect members of Girls' State assembly and senate. A public inaugural ceremony will then be held and the Girls' State governor-elect and other officers will be sworn in.

The girls will have as their counselors women of experience who know the functions and workings of our State government.

Recreation is also a big part of the program. Swimming, orchestra, glee club, folk and rhythmic dancing will be a part of their activity.

About 200 high school girls from all over the State of California will attend this program. The girls are chosen from their respective high schools by the principal and faculty on the basis of scholarship, leadership and high moral character, and are sponsored by the American Legion Auxiliary units.

Miss Fuller is 15 years old and will be a junior in Campbell High school next fall. She is the daughter of Mr. and Mrs. Rex K. Fuller, 162 W. Latimer Ave., Campbell, and is sponsored by the local Auxiliary unit No. 596.

## Awards Made At High School Graduation

At the graduation exercises of the Campbell High school three life memberships in the California Scholarship Federation were given. To be eligible for the honor, students, must be in the Federation for six out of their eight semesters. Winning the coveted awards were Doris Raggio, who served as editor of the high school paper; Ruby Simmons and Diane Mussat. In addition to her scholarship record, Miss Mussat established an almost unbelievable record of not being absent or tardy in the four years of her high school career.

## Kodachrome Pictures To Be Shown

The Rev. Donald Baldwin, former minister here, will show Kodachrome pictures of the Baldwins' trip across the continent at 8 p. m. at the Methodist church on Friday evening. The public is cordially invited to attend.

Merced, California, will be the new address of the Baldwins, where the Rev. Baldwin has been assigned as minister of the Methodist church there.

## Hunt Foods Expecting Largest Pack in History

Officials of Hunt Foods, Inc., Campbell, are predicting the largest apricot pack of any season in the past and expect to employ 1200 people at the peak of the season. This is a large jump over the 1945 peak of 850. The personnel department is now registering applicants for work in the cannery which is expected to begin during the first week of July, unless weather conditions should suddenly change.

Former employees will be given first chance at jobs, but since the need is larger than before, work will be available for a great number of new employees. The cannery will also employ minors between the ages of 16 and 18. In conformity with State labor laws, these minors must have work permits and can only work on a 48-hour weekly basis. They are not allowed to work after 9 p. m. or before 6 a. m., according to the regulations.

Of interest to those who have followed the progress of the cannery, is the news that, for the first time since the war, fruit salad will be canned. This has proved in the past to be one of the cannery's most popular products.

Included in the season's pack will be apricots, peaches, pears, fruit cocktail and fruit salad, finishing in the fall with spinach.

The bulk of the personnel who were working at the cannery before it was sold by Drew to Hunt Foods, Inc., are remaining, although several office workers have left to work in other branches of the giant cannery company. Billing and other functions of the Campbell plant will be handled through the main office, thus necessitating the transfer of some of the employees who were given their choice of two or three locations.

## Brings Charges Before Supervisors

Mrs. E. E. Grable, wife of a Campbell World War II veteran, appeared before the Board of Supervisors Monday charging that she and 17 other property owners who had purchased lots in the Parr Subdivision had been assessed \$100 each for a road which never materialized. Mrs. Grable maintained that, without the road, her husband's application for a veterans' loan will be rejected.

Supervisor C. P. Cooley and District Attorney Leonard Avilla were requested to investigate and it was suggested that Mrs. Grable file charges with the State Real Estate Commissioner.

According to Mrs. Grable, lots cost \$500, but the buyers were charged another \$100 to pay a pro-rata cost for an oil and gravel roadway. The real estate agent assured the purchasers that they would receive a road for their money, said Mrs. Grable. She added "Now no one knows anything about a road".

The subdivision was termed by County Surveyor Robert B. Chandler as a "wild-cat". He stated that subdivisions sold in acre lots do not require recordation; that subdividers are not required to post bond, hence misrepresentation arises.

## Lt. Robinson Home on Leave

Lt. H. H. Robinson who is serving with the Army Medical Corps, was at his Harrison Ave. home for a ten-day leave. The Robinson's youngest son has been ill but is now recuperating rapidly.

May we again remind our readers that, due to the increased size of The Press, we cannot accept news items after 5 p. m. on Tuesdays.

## New Routes and Schedules Added To Peerless Stages

Beginning tomorrow Peerless Stages will inaugurate four new bus routes and 16 additional trips per day from Campbell to San Jose. This will make a total of 46 trips leaving Campbell each day at an average of every 25 minutes. Forty-two trips will leave San Jose for Campbell including a new late evening bus at 12:30.

The routes are as follows:

1. Via Willow St., Hicks and Minnesota, Campbell and San Jose Ave.
  2. Via W. San Carlos Ave., County Hospital, Campbell and San Jose Ave.
  3. Via W. San Carlos Ave., County Hospital, Campbell and Santa Cruz Ave.
  5. Via W. San Carlos Ave., to Bradley, Bradley to Moorpark at North Gate, County Hospital, Moorpark to Bascome, thence same as Route 2 to Campbell.
  - 5a. Via W. San Carlos Ave. to Bradley, Bradley to Moorpark at North Gate, County Hospital, Moorpark to Winchester Road, Winchester Road to Latimer Ave., Latimer to N. Carlyn, N. Carlyn to Campbell Ave. and Campbell.
- In the Peerless advertisement in this paper, the new schedules may be found.

## Charter Air Lines To Operate In San Jose

Transcalair Service, a charter airline for both passengers and light freight to operate principally in California, has been opened in San Jose with headquarters at the Pacific Airmotive Airport, King Road, it was announced today.

Owned and operated by two well-known San Joseans, Wayne Rose and Carroll Poe, Transcalair Service gives Santa Clara County its first major point-to-point flying facility. As an added feature local "hops" will be provided when the company's plane is available.

A Fairchild cabin plane has been purchased by Poe and Rose, and it is their intention to augment this ship with another as soon as other planes enter on the market. They will also make charter trips to points in any of the Pacific Coast states upon request, it was stated.

Poe, separated from the Army Air Force in December as a first lieutenant, was once an outstanding bicycle racing star. With 100 missions to his credit as a single and twin-engine fighter pilot in the European theater, Poe received 23 air medals along with the Distinguished Flying Cross.

Rose, once a varsity track man at San Jose State College and a regular track and football man at San Jose High school, is now completing his terminal leave as a lieutenant senior grade in the Naval Air Corps. Rose saw considerable service in the Pacific and South Atlantic areas, flying four-engine Navy passenger and freight planes and hospital ships.

## Thanks Friends

Through the courtesy of The Press, Mr. and Mrs. Wayland Williamson want to send their heartfelt thanks to their Campbell friends and the Guild of the Congregational church for the sympathy and kindness extended to them when their home at Alperpoint was destroyed by fire recently. The many gifts sent to them were gratefully appreciated.

## Supervisors Ponder New Dehydrator Location

County Supervisors Inspect Proposed Dehydrator Site—News Photo

## Neighbors Extinguish Small Fire

Precious minutes were lost in turning in a fire alarm Tuesday morning through confusion of a San Jose telephone operator. A small grass fire had started in the backyard of a house owned by Orville Gowan, at 309 N. Harrison, and when Mrs. Gowan tried to turn in the alarm on her telephone which has a San Jose number, the San Jose operator insisted that she wanted the San Jose fire department and not the Campbell department because her number was listed in a San Jose exchange.

Fire commissioners suggest that the telephone number of the Campbell department be kept by the telephone to avoid such confusion in the future. This number is Campbell 3324.

Fortunately the fire was extinguished by neighbors before the volunteers arrived and no damage was done.

An elderly member of the Cowan family fainted on the front porch as a result of the excitement and firemen carried her into the house.

This is the time of year when grass fires are most hazardous and the fire department urges that everyone take precautions against such eventualities.

## Family Reunion Held

The first Sunday in June was a memorable occasion for the Carney family who enjoyed a family reunion picnic at Alum Rock Park. Several of the young men in the family returned from duty overseas and had not met for four or five years. The late Mr. and Mrs. Carney were the mother and father of the group.

They are also a branch of the John Bollinger family who crossed the plains in '49.

Those present were: Mr. William Carney and sons, Albert, James, Ben, Paul; Miss Lillie Carney, Miss Ellen Carney, Mrs. Grace Youngren and children, Jack, Ellen, all of Campbell; Mr. and Mrs. A. J. Hancock and son Robert, Mr. and Mrs. Glenn Hamrick, Mr. and Mrs. Carl Carney, Paul Ashby, Mr. and Mrs. Edward Carney and children, Patricia, Michael, all of San Jose; Mr. and Mrs. Theodore Carney and son Edwin of Santa Clara, Mr. and Mrs. Walter Carney of Mariposa, Mr. and Mrs. Robert Carney and daughter Linda Jane of Los Gatos, Mr. and Mrs. Carl Carney of Kansas City, and a guest, Mr. Leslie Hereford.

The fur flew at the County Board of Supervisors' hearing on the denial of rezoning for industrial use of the property located at Hamilton Ave. and the railroad when a large number of Campbell residents appeared to urge the board to recommend industrial zoning for the tract under discussion and a handful of property owners in the immediate vicinity appealed to the board members to deny the rezoning.

Originally denied by the County Planning Commission, the request to rezone the property owned by M. S. Keesling, was referred to the Board of Supervisors by Keesling and Albert Puccinelli, who would manage the dehydrator proposed for the site.

Each group was represented by an attorney and in addition to the lawyers' speeches, several interested individuals addressed the board explaining the matter as they saw it. Objecting to the industrial use of the property were W. W. Johnson, Mrs. Mary Jane Hargis, Mrs. Harry Casterson and Mrs. George Priestley, all of whom live in the vicinity.

They protested the rezoning on the grounds that the proposed dehydrator would lower the value of their property, would attract undesirable people, encourage shabby housing facilities and would make the neighborhood unpleasant.

Urging the adoption of industrial rezoning for the site were more than twenty interested business men and property owners of Campbell. Representing the members of the Chamber of Commerce, Walter Silberbauer, president, told the board of the Chamber's desire for added industry in Campbell and of the desirability of property along the railroad for such purposes.

George Arlidge, secretary of the Campbell Taxpayers' League, spoke for that group and pointed out that the petition signed by 46 objectors to the rezoning for the original hearing before the Planning Commission contained only 11 signatures which could be considered legitimate is that they belonged to property owners in the vicinity while the petition circulated by the Chamber of Commerce in favor of it contained the signatures of 36 tax payers. Arlidge stated that in his opinion, and in that of the group he represented, the dehydrator would be for the ultimate good of the town.

Albert Puccinelli told the board of the plans for the new project which would be housed in a fire-proof, modern building and would employ at the beginning of operations, at least 100 men. Puccinelli also explained why an industry located in such a place would

### EDITORIAL

It was gratifying to see the large turnout of interested Campbell residents who, by their presence at the Supervisors' hearing on Monday, indicated their desire to see the first step taken toward rezoning appropriate areas in Campbell for industry.

In any major development there are always some property owners who protest. In this instance it is fortunate that there are only four or five who feel strongly against it. The income from their orchards will not be affected and, if other industries can be interested, which would seem likely, the value of their property would be tremendously increased.

One of the objectors to the proposed plan asked why the dehydrator could not be located in some other place. Aside from the fact that no property along the railroad is zoned for industry, the tract under discussion is the only one which is offered for sale at the present time, according to a member of the Chamber of Commerce planning committee.

#### The Bomb Heard 'Round the World

The sound at the center of an atom bomb explosion is to be broadcast to the world for the first time this July. A live microphone will be located on the target battleship USS Pennsylvania, close to the bullseye ship for the first bomb blast of the joint Army-Navy Operation Crossroads experiment at Bikini Atoll in the Pacific. Shortwave transmitters at the scene will relay the detonation almost instantaneously to listeners in the United States.

Broadcasters are not certain the microphone on the Pennsylvania will be able to pick up a sound before it is disintegrated. To insure radio reproduction of the explosion, they are backing on another mike on the destroyer USS Rhind, in an outer part of the 77-ship target array. Additional pickups will be made from the USS Mt. McKinley and the USS Appalachian.

#### San Francisco Lends Sonoma 1500 Chairs

Fifteen hundred folding chairs made a trip from San Francisco to Sonoma and return last week. The Bear Flag Centennial celebration found Sonoma without sufficient chairs to seat the record-breaking throngs, so San Francisco loaned its neighbor 1500 chairs from the Civic Auditorium.

#### Country Woman's Club Board Meets

Members of the new Country Woman's Club board met at the home of Mrs. Carl Field last week to discuss summer activities. Planned as a project for the coming months is a new roof for the club house.

#### Returns Home From Hospital

Mrs. Ralph Kelley has returned home from the hospital where she underwent a major operation. She is now recuperating satisfactorily.

#### VANDENBERG GOP CANDIDATE

WASHINGTON—Erudite Senator Vandenberg of Michigan not only has been doing a good job on foreign relations, but he takes it—and himself—seriously. Perhaps one is necessary to the other. Talking to a friend the other day, the Michigan senator opined: "Well, we're getting along pretty well now that we have a Republican foreign policy."

"What do you mean?" "Well, analyze it for yourself," shot back the man who may be the next GOP nominee. "It all goes back to my now somewhat famous speech of January, 1945."

Note—Van claims he is getting bored with politics. "One question I can't answer to my wife's satisfaction," he says, "is why I'm running for re-election (as senator). I've threatened to divorce her if she asks me again." (The answer, of course, is that if Van doesn't run again for senator, he won't be in the trial heats for President.)

#### SENATE LABOR REBELLION

Deadliest backstage punches against President Truman's labor-draft program was scored by CIO President Phil Murray in a secret meeting held by the Senate education and labor committee.

Those present included Murray; Lew Hines, AFL legislative representative; Martin Miller, representing Al Whitney's railway trainmen; plus Senators Jim Murray of Montana (chairman), David I. Walsh of Massachusetts, Elbert Thomas of Utah, Claude Pepper of Florida, Lister Hill of Alabama, Joe Guffey of Pennsylvania and Morse of Oregon.

The CIO president got right down to cases.

"My organization has always followed President Truman's recommendations in labor disputes and the record proves it," Murray declared. "Look at the auto, steel and oil industries. We went along with the fact-finding boards. In some cases he had to accept much below what we asked, but we did so patriotically."

"Can industry say as much?" Murray continued. "Look what happened during the auto strike. General Motors held out for months against the recommendations of Truman's fact-finding board, which labor was willing to accept. That was a case of management striking against the government, but did President Truman call for a joint session of Congress to upbraid General Motors officials as he did recently against labor? He did not."

#### NO-STRIKE PLEDGE?

Then, with a scowl, the usually mild-mannered CIO boss acidly added:

"Did he offer legislation then to penalize and enslave all management as he did in this case against labor? Well, I don't remember reading anything about it."

Senator Hill inquired if labor would be willing to offer Truman a compromise on the strike issue, such as a six months no-strike pledge.

"That is impossible, as far as the CIO is concerned," replied Murray emphatically. "My organization is run on democratic lines and such a pledge could never be enforced. When members of a CIO union are working under intolerable conditions, I couldn't dictate to them not to strike. Therefore, I could never agree to such a pledge."

#### RATIONING FERTILIZER

Agriculture department experts are worried over a new drive by Dixie Democrats. They now want fertilizer rationed. Hitherto, potash fertilizer has been used mainly for food growing, but now the Southern bloc wants it rationed so more can go for the cotton and tobacco crops.

Midwest farmers do not object to the idea of rationing potash, provided rationing regulations recognize the supreme importance of food. The Civilian Production administration, however, has always allocated scarce materials on the

## Looking Back

Ten Years Ago,  
June 18, 1936.

Lloyd Nelson, who won the amateur contest here and later won the weekly contest over KYA leaves tomorrow for the San Diego fair and Hollywood.

William Finnemore has sold his home ranch of 20 acres south of Campbell.

15 Years Ago,  
June 23, 1931.

Six boys left Sunday morning for the Boy Scout camp at Stanton, 14 miles from Santa Cruz. They are Homer Hyde, Philip Covey, Lon Gerrans, Robert Brydon, Norman Husted and Bobby Thompson.

20 Years Ago,  
June 18, 1926.

Mr. and Mrs. W. E. Eckles were honor guests at a fellowship supper in the parlors of the Congregational church last Thursday evening.

25 Years Ago,  
June 17, 1921.

At the Orchard City Theater: Justine Johnstone in "Blackbirds."

30 Years Ago,  
June 23, 1916.

Mr. and Mrs. J. H. Bachman are happy over the arrival of an 8-lb. daughter on June 16.

35 Years Ago,  
June 23, 1911.

Miss Roseana Ann Kennedy was united in marriage to Mr. Ralph A. Spaulding of Berkeley last Sunday.

#### Entertain Guests

Mr. and Mrs. Elmer Dowler of this city entertained for Father's day their son and wife, Mr. and Mrs. Willie Gridley of Oakland, their grandson and wife, Mr. and Mrs. Everett Mortensen of San Jose; also Mrs. Dowler's nephew and wife, Mr. and Mrs. Harry Wade of Los Angeles.

The Wades will visit for a few days then they are to take a two months' vacation into Oregon, Washington and Yellowstone Park before returning to Los Angeles.

#### Boston Singer Here

Mr. and Mrs. Les Wheeler were overnight hosts to their cousin, James Hadley, a member of the Boston Seminary Singers who presented a concert last week at the First Methodist church in San Jose, attended by many Campbell music lovers. After leaving here, the group moved on to San Francisco.

#### Family Reunion

Members of the Roberts family enjoyed a brief reunion last week, when two sisters and two brothers met to visit with a third sister, Mrs. C. A. Viles of 118 Sunnyside Ave. Spending two days at the Viles home were Mrs. Charles Davis and Mr. John Roberts, both of Eugene, Oregon; Mr. and Mrs. Bert Roberts and son, Jim, of Indiana, and Mrs. Peggy Mahan and son, Gerald, of Ukiah, Calif.

basis of a base period, and the Southern representatives are insisting that any new rationing program be based upon 1944 consumption of fertilizer.

In 1944, five Southern states used 44 per cent of the nation's fertilizer but produced only 16 per cent of the nation's food. In the same year, five Midwest states produced 50 per cent of the nation's food but used only 6 per cent of the fertilizer.

#### CAPITAL CHAFF

The exit of young men continues. Josiah DuBois, one of Secretary Vinson's crack assistants, has resigned to practice law here and in Camden, N. J. . . . Secretary of the Interior Cap Krug ended a six-hour fishing trip in the Virgin Islands with a painful sunburn, then proceeded to sweat out 12 days of hotter negotiations with John L. Lewis. . . . At Fort Washington, Md., is a half-empty veterans' hospital which costs the taxpayers \$211 a day per patient.

### with Susie Shopper

For distinctive charm there is nothing to compare with work that is done by hand. The hand-painted metal trays at The What Not are an example of this for their originality of design could not be duplicated. Among the motifs chosen are colorful fish, birds and flowers. They're the right size too . . . not too small to hold a good cargo and not big enough to be troublesome. Of course you may not want to actually use them, because they are such attractive wall decorations. Either way you can't go wrong.

At the Campbell Hardware store there's a gay little portable barbecue pit. The beauty of it is that it is light enough to move about easily and is perfect for a camping trip as well as being smart enough in appearance to use in the patio. It contains both a grid and a spit and is wonderful for charcoal broiling . . . good for steaks, chops, ham, chicken . . . getting hungry?

A pleasant and painless way to instill the principles of good grooming in your young daughter is supplied by the makers of Sweet 'N Lovely toiletries. They can be found at Clark's Drugs and are so attractive they will appeal to the feminine heart from three up. There are several different sets, so that you may choose the one which fits the particular age you desire to interest. The soap is made in the form of a dainty bow . . . and there's bath powder, cologne, shampoo, bubble bath and hand lotion. For the older girl there's a lip pomade which will make her feel most grown up.

When we think of summer we think of white, and at Rachel's there's a delightful frothy array of white summer accessories. For the first time in many a moon, Rachel can offer white fabric gloves . . . so practical and so smart with summer costumes. In addition to the new white plastic bags (they're the popular new bags which won't crack) there's a love of a white envelope purse whose dainty eyelet embroidery cover slips off for handy laundering. And her white hats! Like the icing on a cake, they will be the enticing ingredient of your hot weather wardrobe. Try an eyelet embroidery hat with the matching purse and you really have a charming and cool looking combination.

Have you ever seen pictures made of straw? Sounds impossible, doesn't it . . . but the House of Riches have them and they are the most unique pictures imaginable. They are made in Mexico with painstaking skill and consist of tiny pieces of brightly-colored straw arranged to form pleasing compositions. Like much Mexican handiwork, they have a captivating, child-like appeal and in addition will do a lot to brighten up that dull room you've been worried about.

From now until school begins again most youngsters in Campbell will live in sunsuits. Realizing this The Dresser Drawer has specialized in an unusual assortment of sun suits. There are bewitching ruffled ones for the tiny

feminine miss as well as practical sturdy ones for the mud-pie set. Virginia and Lee, both personally experienced in the clothing of small children are most helpful with your own particular small fry problems and can give good advice on the care of fabrics.

Benson's Campbell Cleaners have a large and inviting stock of men's leather billfolds. You can now have a choice of colors and leathers as well as all the latest innovations in the billfold world. Some have incredibly intriguing compartments and most of them are equipped with zippers to safeguard your cash. Don't forget that, Benson's, in addition to their cleaning, now have men's clothes of distinction.

Good news for lots of people is

the arrival (back from the wars) of electric heating pads. You can stop borrowing Aunt Ella's now and get one of your own at the Campbell Pharmacy. They have several well-known brand and most of them come with regulated controls which give you three temperatures . . . to suit your individual needs.

### Plan on Making Home Here

So enthusiastic over the locality are two Campbell visitors, Mr. and Mrs. Robert Strong, that Mr. Strong has returned to their Waitsburg, Washington, home to close his affairs there and make arrangements to live here. They have been guests at the home of Mr. Strong's mother, Mrs. E. E. Fry. Mr. Fry has been busily engaged in house hunting for the young couple.

IT'S MUCH like a child's game when you do the family wash in one of the new Automatic Clothes Washers.

You get the soiled clothes Ready, and put them in the machine. You Set a few knobs or dials and the machine starts to Go. It washes clothes thoroughly, stops, drains itself and then rinses the clothes two or three times and finally spins the clothes damp dry.

The new automatic clothes washers are real time and labor savers. Your hands are never in water, you never have to lift heavy, wet clothes. You don't even have to stand-by! Your Automatic does the work of washing—all by itself—alone!

Plan now to have one of the new Automatic Clothes Washers in your home as soon as they are available. Consult your dealer now.

P.G. and E.

PACIFIC GAS AND ELECTRIC COMPANY

Today homes must have an adequate supply of hot water. Choose the size water heater that fits the number of hot water faucets. You'll find a 20 gallon water heater is much too small to serve kitchen, laundry and bath.

**Hears from Brother in Germany**

Mrs. O. C. Kersgard has had good news—she received the first letter in six years from her brother in Stuttgart, Germany, who reported that the family was well but that their home and factory had been demolished during the bombing. Mrs. Kersgard was a visitor in their home ten years ago.

Visiting Mrs. Kersgard is her sister, Mrs. Bertha Engel of San Francisco. Next week the two sisters will spend several days in the Bay City. At present they have been busy welcoming home the Kersgards' son who has just received his discharge from the Army.

**Honored at Party**

The Hotel Claremont in Berkeley, was the scene one evening last week of a surprise dinner party in honor of Miss Ruth Cousins, daughter of Mr. and Mrs. H. F. Cousins. The party, given by a group of her San Jose State friends, was followed by dancing.

On Sunday morning, Miss Cousins sang with the San Jose State College, a capella choir, at the Stanford Chapel for the Stanford baccalaureate and in the afternoon at the San Jose baccalaureate ate.

Miss Cousins' summer plans include a session at San Jose State Summer school.

**Portland Visitor**

Mr. and Mrs. G. Martin Allen Jr. have as their house guest for a two weeks' visit, Mrs. John Painton of Portland. Mr. Allen plans on leaving tomorrow for a week's vacation in Portland, Oregon. On his return he will be accompanied by his parents, Mr. and Mrs. George M. Allen of Portland, who will remain here for a few days.

**Kiddie Matinee Tomorrow**

Tomorrow afternoon, Friday, June 21, at 2:30, Campbell children will have an opportunity to see their favorite movie characters in a Kiddie Matinee at the Campbell Theater. Featured on the program will be Riding Down the Canyon, Lulu in Hollywood, Suddenly It's Spring, Her Honor the Mare, and Put Put Trouble.

**Campbell Boys Injured**

Jolly B. Jones, 16, and his passenger, Don Black, 15, both of Campbell, incurred severe cuts and shock when the motorcycle operated by Jones collided at Union Ave. and Los Gatos-Almaden Road with an auto driven by George Radcliffe of San Francisco. The boys received treatment at the County Hospital.

**Son Born to Standishes**

Mr. and Mrs. G. L. Standish are welcoming their fourth son, born May 30 at the San Jose Hospital. The new arrival has been named Richard Lee and is now at home with his three older brothers, Bill, Bob and Jim.

Grandparents of the young man are: Mr. and Mrs. L. M. Harter of San Jose, and Mr. and Mrs. E. M. Standish, also of San Jose.

**Barbecue and Barn Dance Honors Sons**

An outstanding social event was the barbecue and barn dance which Mr. and Mrs. L. Dardanelli gave last Sunday at their Parr Ave. home in honor of their two sons, one of whom, Nathan, has just graduated from the Campbell Union High school, and the other, Frank, who has just received his Navy discharge after two years' service in the Seabees.

More than 60 relatives and friends, many from out of town, attended the gala affair and stayed to enjoy the dancing in the barn.

**Visit Navy Veteran**

Mr. and Mrs. Henry Hoelling were recently in San Francisco to visit Mr. Hoelling's cousin, Teddy Hoelling, who has just been released from the Navy after service as a yeoman 1/c on a destroyer which took part in 22 major battles.

**Beckers Being Entertained**

Many farewell parties are being given for Mr. and Mrs. Paul Becker who will leave soon to live in Guatemala. Recent hosts have been Mr. and Mrs. B. J. Andris who entertained with a barbecue at their home, "Strawberry Hill", on the old Santa Cruz Road. Also honoring the departing couple with dinner parties have been Mr. and Mrs. Richard Gordon and Mr. and Mrs. Ethan Lanphear. A no-host party is scheduled for Saturday at the home of Mr. and Mrs. Bryce Whitmore.

**New Grandson Arrives**

Mr. and Mrs. C. A. Viles of 118 Sunnyside Ave. are proud to announce that a new grandson, Dennis Lee Hasket arrived on June 10 at Peralta Hospital in Alameda. His mother is the former June Viles of Campbell. Master Hasket weighed 5 pounds, 11 ounces when he arrived. His father is Mr. Delbert Hasket of Stockton, a Guadalcanal veteran.

### Apricot Wages Remain Level

Maximum wage rates for picking and cutting apricots are the same this season as they were last year under the terms of a continuing U. S. Department of Agriculture specific ceiling order, growers and workers were reminded by John E. Cooter, executive officer of the California USDA Wage Board.

Maximum piece rates permitted under the order are \$12 a ton for picking and \$15 a ton for cutting apricots in all San Joaquin Valley counties from and including Kern north to the Stanislaus County line. In Stanislaus, San Benito, Santa Cruz, Santa Clara and all other apricot producing districts north of these counties, the maximum piece rates are \$13 a ton for picking and \$16 a ton for cutting. The maximum hourly rate that can be paid for apricot harvest work is 85 cents, which applies generally in all counties.

Any lower rates agreed upon between an employer and his workers may be paid, but the maximum rates which are established by the specific ceiling order can not be exceeded legally without permission of the Wage Board. In cases where exceptionally difficult conditions in a particular orchard create undue hardships for the operator and workers, application may be made for individual adjustment that will raise rates to a point where they will equalize earnings with the general run of community incomes for the same kind of work, Cooter pointed out.

#### Visitor From Minneapolis

Miss Sharon Christenson of Minneapolis was an overnight guest at the home of her aunt and uncle, Mr. and Mrs. L. "Dad" Lee. She will visit the Northwest before returning to her home.

#### Mrs. Smith Has Guests

Mrs. Walter Krohn (Wilma Smith) was a Campbell visitor this week at the home of her mother, Mrs. Edna F. Smith. She arrived Monday and was joined by her husband on Wednesday.

Guests at the home of Mrs. Evelyn Ehyart, Dillon Ave., are her sister, Mrs. C. E. Tinkle and her niece, Miss June Tinkle. The visitors plan on returning to their Temple City home in two weeks.

### Redwood City Preparing For Big Celebration

Redwood City "goes western" this weekend as it enters the final stages of preparation for the big Peninsula Fourth of July rodeo and celebration.

Street banners and flags will be strung across downtown streets Saturday and citizens will don western garb. That evening the whole town will turn out for a steak barbecue, to be held at Flood Park on Middlefield Road, Atherton, under the sponsorship of the Mounted Patrol of San Mateo County. The barbecue is open to all Peninsulans.

The following Saturday night, June, one of five horsewomen seeking the honor of being queen of the celebration will be presented and crowned at a coronation ball, to start at 8 p. m. with a 12-piece orchestra furnishing the dance music.

Last pre-celebration event will be a joint meeting of service clubs Monday night at Cafe de Paris.

Then on Thursday, July 4, at 11 a. m. a colorful parade featuring bands, floats, marching units and scores of horses will launch the four-day celebration.

Following the brief opening exercises conducted by the United Veterans Council, the first performance of a four-hour rodeo will get under way at 1:30 o'clock at the new Recreation Center at the end of Vera Avenue, west of El Camino Real. The rodeo will be repeated each day for the four days of the celebration.

On the night of July 4, a free \$1000 aerial fireworks display will be presented, followed by free dancing, which will be repeated each night.

During every day, continuous entertainment will be offered from noon till midnight. One of the features will be free pony rides for children.

#### Director Entertains Cast

Footlighters were entertained at an "after-theater" party last Saturday evening at the home of Mr. and Mrs. Ethan Lanphear. Host and hostess for the affair were Dean Chamberlin, director of the play given that evening by the group, and his wife. About 30 Footlighters were present.

#### Sunday Visitors

Spending Sunday afternoon at the Sunnyside Ave. home of Mrs. Lula Ethridge and Mrs. Lorene Womock were Mr. and Mrs. Lloyd Stevens, Mr. and Mrs. Ward Graves and Mrs. Jennie Treva-than, all of Sunnyvale.

#### Attend Special School

Mrs. Link Howatt and her daughter, Joyce, attended a Borden Fountain School in Burlingame early this week to learn the latest in fountain management and service. The Howatts are the new owners of the Blue Jay Fountain.

#### Daughter Born To Swifts

An arrival of late May was little Miss Marilyn Korntved, who was born at the San Jose Hospital in San Jose. Her parents are Mr. and Mrs. Robert Swift.

### Supervisors Ponder

(Continued from Page 1)  
attract workers of a high type in his opinion. He also emphasized the point that no garlic and onions would be dehydrated.

David Rutherford, Campbell mortician, described to the board the benefits, to both the town's business men and the entire population, of added industry to serve as a bulwark against future depressions and to increase the prosperity of the town.

A letter from Herbert Shadle, Campbell member of the County Planning Commission, addressed to the Supervisors was read. In his letter Shadle emphasized the benefits of the dehydrator for the town and stated that he definitely wished to go on record as being in favor of more industries for Campbell.

After hearing arguments for an hour, the board reserved its decision in order that they might investigate the situation further and see for themselves the site being discussed. In the early afternoon the Supervisors visited the Hamilton Ave. property under discussion.

### Fruit Crop Outlook Is Generally Good

As of May 1, the prospect for California's fruit and nuts crops in 1946 is generally good, the Wells Fargo Bank and Union Trust Company reported last week in a survey of crop prospects.

California's dry weather since January 1 has not been too unfavorable to date for fruits and nuts, the bank's report declared. This was due to the fact that there has been little frost or hail damage and growers have been able to get their orchards in good condition notwithstanding labor shortages.

If there is an unusually warm summer, the output of non-irrigated areas may be reduced because of a shortage of soil moisture.

The report said the apricot crop, 298,000 tons, will be 87 per cent

greater than a year earlier. The 30,400 ton cherry crop will be over average size.

Wine grape growers in non-irrigated areas are somewhat concerned over the sufficiency of soil moisture. Peaches have heavy fruit sets and is a satisfactory thinning job is done, a heavy crop of clingstones and freestones would result.

Meanwhile, the California Crop and Livestock Reporting Service declared that truck crop prospects throughout the State are good at this time. Weather during the latter part of May was favorable for vegetables. In most districts, plantings made good growth with temperatures favorable to progress, but without the extreme hot days which tend to mature crops too rapidly for full development.

## LICO'S MARKET

## Legion Auxiliary Meets

The regular meeting of the Campbell American Legion Auxiliary, No. 596, was held June 12 in the Campbell Country Woman's club room, with Gertrude Wood, president, presiding. Miriam Smith, membership chairman, gave a full report. One hundred and seven members were reported in good standing, and 13 were initiated into the unit. Ellen Lanphear gave her report on the sale of tickets for the play given by The Footlighters, Saturday evening. Clara Fagalde, Poppy chairman, gave an excellent report on the recent poppy sale. Three thousand poppies were sold and a substantial sum was turned over to the boys in the Palo Alto hospital.

The nominating committee made its report, and the new officers were selected for the coming year. Installation of the new officers will take place at the next meeting, June 26. Officers are asked to dress formally. Members of other units, and those interested in the work of the unit, are welcome to attend this meeting.

### Recovers From Measles

## PTA To Can Fruit

Members of the Moreland PTA decided at their last meeting to can fruit this summer for use in the school cafeteria next year. One day will be devoted to apricots, one to peaches and one to pears. Actual canning will be done in a cannery, but all the canning will be prepared for the process by the women. Mrs. Otto Hansen asks that all women interested contact her at Campbell 3651 in order that a convenient day for all may be named.

Speaker at the last meeting was Miss Clara Raymond, Pacific Gas and Electric economist, who spoke on kitchen and laundry planning.

### New Lodge Forming Here

On Thursday night, June 13, the new order of Pocahontas, The Ne-Tops (friends) Council, held their preliminary institutional meeting at the Woman's Club, with Hazel Shireman, Great Minnehaha, presiding.

The formal institution of the council is planned for Friday evening, June 28, in the IOOF Hall. At this time the Great Pocahontas, Avis Churchill, will be present to install the new members and officers.

### Henline Returns From Trip East

Stanley Henline, who recently sold his Campbell Market, has returned to his Los Gatos home after a trip East and has purchased a Portola cleaning route.

## The Farmer's Corner

Ry RALPH H. TAYLOR  
(Executive Secretary, Agricultural Council of California)

(EDITOR'S Note: Recently Life Magazine excoriated America's 6,000,000 farmers in a full-page editorial titled "Greed On the Farm". This is the second of two columns of discussion of Life's statement.)

After blanketing U. S. farmers under the serious charge of seeking to profiteer in the food crisis, Life Magazine partially side-stepped the question it has posed by spreading the accusation of greed over labor and all business generally. But the inference was unmistakable that Life considered the farmer the most sinful offender in selfishness.

The purpose of this rebuttal is to declare that farmers are no different from other men in their faults and virtues, save as environment may shape them—and to contend that the history of U. S. agriculture shows conclusively that the environment is a whole-some one and produces a class of men who have no apology to make to the Nation or the world.

There are mean and grasping men on farms, to be sure—just as there are in brokers' offices, in machine shops, behind the windshields of trucks, and in the leadership of labor unions. It isn't reasonable to judge any large group of men by the evidence of its minority, of greedy, callous members, any more than it would be to judge the group by its minority of the uncommonly selfless and generous.

So it is in answer to the singling out of American farmers, as a class, for the chief subject of an editorial based on the ugly word "greed", that this writer offers a few revealing facts, as follows:

The prosperity (even the ability to earn a bare living) of the farmer is far more subject than that of other men to circumstances over which he has no control. The urban businessman or manufacturer can trim his economic sails to meet the changing winds of fortune. He can expand, contract or revise his operations from month to month, if need be. If he runs a department store, he can discontinue lines that prove unprofitable or meet sales resistance, and center effort on those in buyer demand. He can increase or decrease his staff, in accordance with the ebb and flow of trade activity. He can control, in considerable measure, his overhead.

The farmer, on the other hand, operates largely on fixed, long-range planning. He has scant leeway for adjustment of a season's labor cost and other overhead. He cannot sow his land to a particular crop and later, if it appears the market will be unfavorable for the produce, change his mind and substitute a better paying crop. He is stuck with what he starts, in a given season. Unseasonable rains may ruin one variety of produce. An unexpected drought may ruin another variety. The farmer has to stick to his guns and take the breaks as they come. If matters break right for him, he has a good year; if they break wrong, he may wind up with a dead loss for all his effort, planning and investment.

The farmer, therefore, fights a single-handed battle against the "slings and arrows of outrageous fortune". It is no business for a whiner. This has shaped his philosophy of life. He believes in the fundamental law of supply and demand, for the reason that, in the long run, it operates inexorably. He doesn't believe in governmental tinkering, as a principle, with matters of production and

price—nor in regulatory "planning" that is, at best, blind guesswork. All this makes of him, in general, a self-reliant man, who has the same problems as his neighbors, and in consequence understands them and is quick and generous in lending aid in solution of troubles which he knows may hit him at any time.

Like any man who exchanges the product of his own brain and hand for what he consumes, the farmer tries to buy as cheaply as he can and sell as profitably as he can. Surely that is no indictment of his character! That is precisely what a labor union does when it advocates low cost of living and high wages; the worker strives to sell his product—his labor—as high as he can and buy all things he wants as cheaply as he can. That is precisely what every retailer and manufacturer and every other man, boss or "hired hand", seeks to do. It is the basic law of individual and collective freedom in enterprise.

And farmers, it might be repeated in conclusion, have never deserted their jobs en masse, and thereby threatened to wreck the Nation's economy and bring starvation both at home and abroad, in order to gain a price demand—as railroad men and miners and steel workers have done.

Perhaps our Life editorial writer would gain a more accurate perspective on the entire human race (lamentably imperfect as it is) by re-reading the rhymed maxim we all knew in our schooldays:

"There is so much bad in the best of us, and so much good in the worst of us, that it hardly behooves any of us to talk about the rest of us."

### Sewage Disposal Survey Almost Completed

The county-wide comprehensive sewage disposal survey being conducted by Dean George L. Sullivan of the University of Santa Clara Engineering College and Charles Gilman Hyde, University of California Sanitary Engineering professor, under the direction of the Santa Clara County Planning Commission, has now entered its final stages. The data which has been assembled in a year of field surveys and engineering studies have been compiled and is now being reviewed by the consultants.

Mr. A. M. Rawn, a consulting sanitary engineer of Los Angeles, who is a nationally known expert on financing and disposal district legislation, spent several days with the board of consultants during May and prepared a written report on the preferred methods to be adopted by Santa Clara County in organizing its legal set-up to effectuate the engineering plans which are now being prepared.

The contract between the county and the board of consultants calls for the filing of the final and complete survey report by August 1. While it was previously thought that the report might be available prior to that date, Dean Sullivan says that due to the delay caused by the printing and other strikes, it is doubtful whether the report will be filed before August 1.

### NO FUNERAL BILLS TO PAY!

## Saturday Wedding 96 "Graduate" From Kindergarten

The First Methodist church in San Jose was the scene last Saturday evening of the charming wedding of Miss Jeannette Abbott, daughter of Mrs. I. R. Abbott and the late Mr. Abbott, whose wedding vows were pledged to Lt. Robert F. Colley, U.S.N. Officiating at the 7:30 ceremony was the Rev. Joyce Farr.

James Black of Fresno, father of Mrs. Abbott, gave his granddaughter in marriage. The bride was gowned in white marquisette over satin. With it she wore a fingertip veil and carried a bouquet of white orchids and bouvardia which were fashioned with tulle and ribbons into a large fan. Her only attendant was her twin sister, Mrs. Jimmy DeVaughn of San Jose.

Performing the duties of the best man was Tom Moore of San Jose. Ushers were Bob Moore, also of San Jose, and Oliver Eitzer of Bakersfield.

The new Mrs. Colley is well-known in Campbell and she and her mother spent the past week in their family home on Alice Ave. which is currently occupied by Mrs. H. H. Enderton. A graduate of the Campbell schools and San Jose State College, the bride has been teaching at Sonora High school the past two years.

The bridegroom, now on terminal leave from the Navy, is the son of Mr. and Mrs. Clarence Colley of San Jose. He attended both San Jose State College and the University of California, where he graduated in civil engineering.

Following the ceremony, a reception was held in the church parlors. Both mothers of the young couple wore formal gowns for the occasion. Mrs. Abbott was in Alice blue chiffon and Mrs. Colley wore tea rose lace. Their corsages were baby orchids.

For her going away costume the bride chose a white wool suit with Navy accessories. Southern California was the destination of the young couple for their wedding trip. Mrs. Abbott also plans a trip South in the near future and on her return will make her home in Campbell again after several years' residence in San Jose.

### Attends Reunion After Long Journey

At the annual homecoming day on the San Jose State College campus last week, Mrs. Margaret Keesling Courtney, class of '36, was adjudged to have come from the greatest distance since she arrived from Hawaii where she is a teacher in the Punahou School. Mrs. Courtney is the daughter of Mr. and Mrs. Archie Keesling of Campbell.

### Bible School Held

Ending tomorrow will be the week long Bible school for children maintained by the Assemblies of God Church in the IOOF Hall.

At the "graduation" of the kindergarten last week, Miss E. Borzone, teacher, told parents that next year, due to the crowded condition of the school, there would be five first grades.

At the end of a delightful program, 96 boys and girls received badges which proclaimed their eligibility for the low first grade. Programs for the event bore a picture of the kindergarten class. "Graduating" were:

### Morning Kindergarten Class

Maxine Adams, Clyde Adamson, Sallie Anderson, Ann Marie Aronson, Mary Lou Ballard, Bonnie Lou Barrett, Thomas Baxter, Wesley Baxter, Leland Badoni, Alfred Berryessa, Errol Burbank, Norman Cabral, Judy Lynn Callander, John Chapman, Judy Christian, Garid Cummins, Arlette Davison, Ronald DaRuisse, Sharon Duncan, Gary Foote, Larry Franzen, George Galiotto, Michey Geddes, Jacqueline Gough, June Griffith, Chris Gussman, James Gutto, Patricia Hayes, John Henry, Robert Jack, Vivianne Luckhart, Marjorie Martin, Patsy McCauley, Robert McGushen, Armin McKee, John Morrison, Billy Murty, John Newton, Buddy Pierce, Diane Pratt, Laura Raab, Verla Raab, John Reeder, Richard Riddle, Darryl Ritsch, Toni Scott, Michael Scroggens, Margaret Smith, Donna Spofford, Rebecca Swisher, Susan Underwood, Linda Yamamoto.

### Monterey Has New Magazine

"What's Doing on Monterey Peninsula" made its bow to the public recently. The magazine, a monthly, is published at Monterey by W. E. Fassett and devotes itself to the many attractions of the Peninsula.

There will be six eclipses of the sun or moon during 1946, the greatest possible number in any year being seven.

## Campbell People On Vacation

It's the time of year when one's thoughts turn naturally to vacations, and many Campbell people, able for the first time in many years, to travel again are busy getting ready to take that long-dreamed of trip.

Departing from Campbell at 4 a. m. last Saturday were Mr. and Mrs. Ralph Marsh, accompanied by their son, Ralph Jr., who will make an extended tour of the Great Lakes region including Wisconsin, Duluth, Milwaukee, and points East. The return trip will be made by way of the Northwest.

Mrs. Grace Gardner and her son, Harold, left by air Monday for a visit in Portland, Oregon, with Mrs. Gardner's sister, Mrs. E. B. Booth. They plan to return, also by air, on June 28th.

Mrs. Frank Richardson and her daughter, Jeanne, left last Thursday for an extended visit in Alabama.

Frank DeVita, owner of the Kopper Kettle Donut Shop, closed his store last Saturday to enjoy a two weeks' vacation. He will reopen June 29.

Mr. and Mrs. C. C. Byrnes and their daughter, Miss Madeleine Byrnes, left last week by train for a vacation in Vancouver, B. C.

Mr. and Mrs. W. D. Samford and Robert Samford of 225 N. Central Ave., left last week for Eastland, Texas, where they will spend several months visiting relatives and friends before returning to Campbell.

Mr. and Mrs. James Dent left after the closing of school for a two weeks' vacation in Yosemite Park. The Dents will leave Campbell for their new home in Vallejo during July.

Les Applegarth returned last week from a fishing trip in Oregon. The sad part of the story is that he returned without any fish.

Their former home, Manhattan Beach, was the choice of Mrs. Zola Hollinger and her two small daughters who plan on a two weeks' sojourn there.

Enjoying a real "he-man's" vacation are Henry Parysek, his son, Joe, and Edward A. Merrill and his son, Eddy, who left last Tuesday for Bass Lake. They plan on packing into the Black Point Lakes region for some extra-special fishing. Families of the two men will join them later at Bass Lake if accommodations can be arranged.

Hoberg's Resort in Lake County was the destination of Mr. and Mrs. Budd Levenberg when they left Sunday morning for a two weeks' vacation.

Mrs. Florence Horton, a member of the cast of "A Fair Exchange", left immediately following the production last Saturday evening for Yosemite National Park, where she will be employed during the summer as she has in the past. Mrs. Horton is expecting her husband home from overseas within the near future and will spend the early fall with him visiting friends and relatives in the Middle West before returning to California to make their home "some place" on the coast.

The George Jeffers family is enjoying a vacation at Clear Lake.

Visits from Los Angeles

Mr. and Mrs. D. W. Sala, whose home is in Los Angeles, were recent overnight guests at the home of Mr. and Mrs. L. Genasci on Central Ave.

## Garden Forum Plans Luncheon

The San Jose Garden Forum, which has a wide following throughout this county and the peninsula region, will present one of its popular international programs, luncheon and display, at the Sainte Claire Hotel, in San Jose, next week, Saturday, June 29, 12:30 to 3 p. m.

"Friendships Garden" has been the Garden Forum slogan for 1946; and an international motif has characterized its many activities. The Forum opened its year with ten weekly lectures on world affairs by Dr. Aurelia Henry Reinhardt, president emerita of Mills College, who is recognized as a leading authority on international events.

The spacious and colorful Cafe Esplendido, at Hotel Sainte Claire, will furnish a dramatic setting for the flower-bedecked tables, and unique international decor and exhibit, which is being planned by Mrs. Alexander Hart Jr. and her committee. The program, also, will be in keeping with the event's theme.

Miss Mary Elizabeth Falch of Los Gatos, talented harpist, will be guest artist. Speaker and other program numbers have not as yet been announced.

In addition to a fee for the luncheon each guest is requested to donate a can of food for famine relief.

The Garden Forum has pledged to collect a ton of canned food for Europe; and Mrs. George Campbell and Mrs. Morgan Dillon Baker, co-chairmen of the emergency food drive, will be honor guests of the day, and will oversee the foods transportation.

Mrs. Bertha Marguerite Rice, head of the San Jose Garden Forum, will preside. She is being assisted by numerous committees who are planning to make the affair one of the most distinguished and successful events of the year. The public is invited to attend and reservations may be secured by phoning early, Ballard 2696-M or Ballard 8693. Reservations will close at an early date.

## Oldest Newspaper in California to be Honored

All California will pay honor to the State's oldest newspaper in particular and all newspapers in general on Aug. 15, 100th birthday of the Monterey Californian.

In Los Angeles a luncheon at which an attendance of nearly 2000 is expected, will feature Leo Carrillo, move actor-descendant of an old California family, and Sheriff Eugene Biscailuz of Los Angeles County. Frederick March, who portrayed Mark Twain in the movies, will re-create the character of the early California editor of Mother Lode country fame.

Simultaneously celebrations will be held in Monterey, San Francisco, San Diego and other California cities, according to John B. Long, managing director of the California Newspaper Publishers Association.

Mrs. Rena Fryer returned Sunday evening from a visit in the San Joaquin Valley, where she was a guest at the home of her daughter, Mrs. A. E. Wallace, in Fresno, and also at the home of her son, Ralph Fryer in Porterville. Another daughter, Mrs. J. E. Chappell and her husband, spent the weekend in Fresno and accompanied Mrs. Fryer back to Campbell.

## CHRISTIAN SCIENCE

"Is the Universe, including Man, Evolved by Atomic Force?" This is the subject of the Christian Science Lesson-Sermon for June 23rd, with the Golden Text from Proverbs: "The Lord by wisdom hath founded the earth; by understanding hath he established the heavens" (3:19).  
 Included in the sermon are these citations:  
 Psalms 104:24: "O Lord, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches."  
 "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God creates and governs the universe, including man. The universe is filled with spiritual ideas, which He evolves, and they are obedient to the Mind that makes them" (p. 295).

 San Jose, Calif.

## Grass Made Dairy Month Chairman

The appointment of F. J. Grass, Almaden Road, as chairman of the June Dairy Month committee in Santa Clara County, was announced by Alfred M. Ghormley, chairman of the California Dairy Industry Advisory Board, who heads up the Dairy Month campaign in California.

The job assigned Grass was to follow out the instructions of Secretary of Agriculture Clinton Anderson, who asked the "entire dairy industry" of Santa Clara County, to "make June Dairy Month the occasion to impress on the public, both dairymen and the consumers alike, the importance of the dairy industry throughout the State and Nation."

Appointment of a committee representing all segments of the dairy industry in the county will be made by Chairman Grass, it is announced.

"The importance of the dairy industry in Santa Clara County is one which every individual can not overlook," Ghormley said in pointing out that from an economic standpoint, dairymen in Santa Clara County received approximately \$6,299,000 last year from their commercial milk production.

"The fighting war is over, but the battle of food production continues. The need of a continued maximum production of dairy products, therefore, is extremely urgent for adequate nutrition at home and abroad," Ghormley said.

## Legion Names New Officers

Unanimously naming an all-War II veterans' staff of officers for the coming term, Campbell Post American Legion followed the practice of many posts throughout the country. Older men stepped down and on June 26 at installation ceremonies, they will turn the affairs of the Post over to their younger compatriots.

Heading the list as commander is Al Carter, local postal employee and for the past two years holding two important positions in the Legion family. "Jimmy" Pear, of the Pear Hardware Co. in Burbank, takes second position as 1st vice-commander; John Smith, son of Fred Smith, San Tomas district rancher, will be 2nd vice-commander; Jim Malone will fill the post of adjutant, filling the position vacated by the newly-named commander, Al Carter. Finances will be in the hands of Wm. Ramsey, replacing Merlin Bohnett; chaplain's duties will be assumed by Ray Rhodes, replacing Dave Ribble. Glenn Leach will be new sergeant-at-arms in place of Gus Robillard. Henry Hoelling will fill historian's chair, taking over his tasks from Ray Wood who has kept complete records of the Post since its inception.

Appointive positions will be named and announced at a later date. June 26 has been set as installation night, giving the newly selected staff the opportunity of participating in the National Legion convention to be held in San Francisco this fall.

Routine business occupied the balance of the evening, with baseball players requested and more practice games. It was voted to purchase ten government surplus Enfield rifles for use of the Post on ceremonial occasions.

Wayne Buck was slated for Boys' State this year.

A stag dinner was served following the meeting.

## Likes Campbell

Anxious to make his home in Campbell where he has found employment is Charles W. Bennett Jr. recently discharged from the Army after service in the Quartermaster Corps as a baker. Bennett and his bride of three weeks are temporarily living in Los Gatos with a friend, Charles Rogers. Thayer, Missouri, is the home of the three young people.

San Francisco's Civic Center comprises approximately eight city squares.

## Celebrates Birthday

The "youngest set" of Campbell have been in a social whirl attending a series of birthday parties. Entertaining a group of his friends on Saturday to celebrate his birthday, was Master Donald Smith. The party was given at the Rincon Ave. home of his parents, Mr. and Mrs. Elmer Smith, and among the games enjoyed was the traditional and delightful one of "pinning the tail on the donkey."

Also given on Saturday by Mr. and Mrs. Anthony Bargas was a birthday party in honor of the fourth birthday of their daughter, Barbara. During the afternoon movies were taken of the small guests who were: Mickey and Dicky Burns, Patty Harrison, Linda Corey, Deni Allen, Bradley Della Valle and Jerry and Denis Weich.

Earlier in the month little Miss Eleanor Jean Randall, daughter of Mr. and Mrs. Tex Randall, enjoyed a joint birthday celebration with her grandmother, Mrs. L. A. Randall. Each of the honorees had a birthday cake, Eleanor Jean's with two candles, and the table was decorated with an arrangement of mixed sweetpeas and colored balloons. Bidden to the party were: Warren Edward, Gene Sherrin, Dale and Donald Ware, Donald Reynolds, John Reynolds, Mark Baker, Dickie Sanchez, Duane Randall, Marie Sanchez, Margaret Ann Edwards, Louise Reynolds, Anita and Arlene Reynolds, Francis Garton, Pauline Robison, Mesdames Betty Woinoski, Mary Baker, Fay Sanchez, Oma Robison, Robbie Edwards, and Virginia Reynolds.

## Robert Fairchild Home

Robert Fairchild, son of Mr. and Mrs. Les Fairchild, returned home last week from Germany where it was reported he had missed his boat home. Fairchild, a member of the Maritime Service, and a friend had been given leave to go to Berlin. Before they returned to Bremerhaven, where their ship was docked, the ship sailed ahead of scheduled time, and the two young men were left with only what was on their backs, since all their gear was aboard. Among the possessions which Fairchild lost were several valuable German cameras.

Arrangements were made for the two stranded young men to take the next boat home which docked in New York. The Campbell Merchant Marine made the rest of the trip by air.

## Campbell Man On Bikini

Thomas A. Nicholls, seaman 1/c, has written his parents, Mr. and Mrs. M. O. Nicholls, from Bikini, site of the atom bomb test, where the oiler, USS Chikaskia, on which he served, brought in a supply of oil for the ships there.

Before arriving at Bikini, Nicholls' ship made a seven-weeks' voyage from Tokyo Bay to Behrein in the Persian Gulf to get fuel oil. On the return trip, shortly out of Singapore, the Chikaskia answered an SOS call from her sister ship, the Cacapon, which struck a shoal and had to be towed to port.

The oiler spent the winter in Sasebo, Japan, a former major Japanese naval base and one of the centers of activity of our occupation fleet.

Nicholls was a Campbell High school graduate two years ago and was attending Heald's Business College at the time of his enlistment.

The town of Ferndale, in Humboldt County, was incorporated August 28, 1893.

## Box Office Reporter

In "Up Goes Maisie", playing this weekend at the Campbell Theater, it's helicopters this time for Maisie, the character developed by Ann Sothern to such convincing perfection that audiences regard it as real, and although there is villainy afoot throughout the proceedings, the film follows faithfully the series precedent in keeping humor to the fore. Opposite Miss Sothern this time out is genial George Murphy, whose spontaneous way with a line of dialogue is a fit match for the fast talking heroine. It's a nice pairing and a nice lightly amusing picture.

Graduating from business college at the start of the picture, the glamorous Maisie disguises herself as a spinsterish frump in order to keep wolfish prospective employers in line and gets a job with a young man who with some fellow ex-servicemen has perfected an automatically controlled helicopter.

A double-dealing tycoon tries to bilk the boys out of their invention but Maisie discovers the plot and the boys discipline the plotters. The high point of the picture is a final sequence in which Maisie pilots the craft through Los Angeles skyscrapers to a safe landing in the Pasadena Rose Bowl. This sequence has in new form the thrill-producing qualities of those earlier comedies in which comedians dangled from cornices and flagpoles high over city streets.

George Haight produced the picture and Harry Beaumont directed it from the script by Thelma Robinson, each turning in a tight trim job.

### Has Visitors

Mr. and Mrs. R. H. Saylor, accompanied by their daughter, Jeanette, spent several days in Campbell at the home of Mrs. Saylor's mother, Mrs. Vernon Hook. The Saylor's make their home in Stockton. The weekend was spent at Santa Cruz, visiting friends.

## Kiwanis Activities

Mrs. Dorris Frank, assistant field director, State Farm Labor Office of the Agricultural Extension Service, was the guest speaker at the Tuesday meeting of the Kiwanis club. Mrs. Frank stated that there would be approximately 100,000 tons of apricots to cut and dry this year as against 58,000 tons in 1945. There is a tremendous need for cutters and Mrs. Frank urged the Kiwanis members to consider the formation of a community work exchange to facilitate the matter. Children over 12 are permitted to work on individual farms where no commercial drying is done. In cases where commercial drying is done, the minimum age is 16.

Guests at the Tuesday luncheon were: Joe McKinnon, Edwin H. Hunter and Earl King from the San Jose Club, Don Baldwin, former member of the Campbell club and Larry Hill, who will be principal of Campbell Union High school starting July 1.

Kiwanis members entertained their wives and a large number of guests at "Ladies Night" last week. Following dinner, a musical program was presented featuring piano solos by little Miss Maureen Wallis, a fifth grade student, and numbers by a trio composed of Mardel Sanders, Beverly Clawson and Joyce Klassen. Mrs. Marion Garrett, speaker of the evening, described the work of the County Health Nurse and showed slides which pictured the duties of the public health nurse.

Of great interest to the group was the presentation of a 20-year attendance pin to Guy Farley. His record ranks high in Kiwanis International.

### Rummage Sale

The Woman's Society of Christian Service of the Campbell Methodist church will hold a three-day rummage sale in the IOOF Hall, July 5, 6 and 8. Articles may be left in the church kitchen at any time or brought directly to the hall Friday morning, July 5. If you wish articles collected phone Campbell 21.05.

## Campbell Student At Red Cross Convention

Campbell had a representative at this week's National American Red Cross convention in Philadelphia, as Victor Corsiglia Jr., popular student at Campbell High represented the Junior American Red Cross at the five-day conclave attended by 6000 Red Cross delegates.

Among speakers were Lt. Gen. Joseph L. Collins, director of information, U. S. Army; Count Folke Bernadotte, president Swedish Red Cross; Owen J. Roberts, former Supreme Court Justice, and Basil O'Connor, American Red Cross chairman.

The Junior Red Cross in the Campbell schools carried on an active program throughout the year, turning in 1232 Christmas cards, 225 tray favors, 30 complete gift boxes and seven scrapbooks. They also contributed 495 dozen cookies for the San Jose USO snackbar, according to Mrs. Alfrida Runge, branch representative.

A busy Junior Red Cross program is being planned for next year, with emphasis on articles needed in the veterans' hospitals, community service and the cultivation of international good will through exchange with students abroad.

### Sick Boy Misses Lost Kitten

If anyone sees a Tabby kitten with six toes on both front feet, they can make a sick little boy very happy by returning him. On June 9, Billy Moore, son of Mrs. Clyde Hudson, 97 No. 3rd St., suffered a fractured skull when he was hit by a swing at Alum Rock Park. Billy is getting along fine, but it is no fun for a seven-year-old boy to lie still all the time and the kitten has been a great source of pleasure and amusement to him.

"Grumpy" is the name to which this unusual kitten answers and in addition to his unusual coloring and his six toes, he is part Persian. Anyone seeing him may call Mrs. Hudson at Campbell 3535.
